PRIMARY EXAMINER

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a catheter comprising a primary and secondary penetrating member in combination with all the elements and its structural and functional connectivity as claimed and further in combination with an insert within the shaft having a lumen for guiding the secondary member in a lateral direction through the at least one aperture such that the secondary penetrating member extends in a direction which is different direction from the primary penetrating member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Comment

The double patenting and art rejections have been withdrawn in view of applicant's amendment to the claims. All the references of the IDS submitted 10/22/01 have been considered.
